Bob:
Eventhough we talked about this at graduation; my deepest sympathies are still conveyed. It is kinda funny that we both have lost people this year the we loved, admired and most of all respected. Not only for their service for our Country, but as men as well. I did not know your Dad was a CU grad. There is no way he could have gone through his major w/o having my Granfather as a Prof. I wish I had known before your Dad passed so I could ask him if he remembered "Wee Willie" Klugh. My thoughts and prayers are with you and your family.
