Donna, I just found out that my long-time buddy is gone. We had many great years selling cookies and crackers at various Bilo's. I always looked forward to seeing him in stores. He never steered me wrong and its likely his sales drive kept Bilo going far past it's expiration date!

I don't know how many years we've been friends with Kim and Donna. Let's just say it's been many wherever we were always having a great time together, enjoying each other's company whether it be at a Clemson game or at Roy and Jane's house watching some type of football or just having a get together Kim always had a smile on his face he was always telling some type of funny story I know for a fact that Kim loved his his children, his grandkids and his beloved Donna, and of course those Clemson Tigers. Kim, I know you've got a cheering section in heaven cheering those tigers on but you will be missed until we meet again, my friend.

My family has been the neighbor of Kim for nearly the entirety of my life, just up until recently when I moved from my childhood home. Kim had been as close to a second father figure I could ask for growing up and I'll always appreciate the memories we had. One of the most fond moments I remember as a child was having Santa come over to visit my brother and I one Christmas eve. Of course I didn't realize until many years later it was Kim, it's something I will never forget and the memory of him will live in me forever. Thank you for all the good times and may you rest in peace.

Kim and I have known each other since we were kids. All through our early school days and through high school until we married, had children and moved on with our lives. As we grew up together we lived very close together in Pleasant Grove area, we all had such fun! Going to church, being a part of the youth, and during when it used to snow a lot back then we used Oak Forest Dr as our big hill with our sleds. "So much fun! All our families were close, and we are all close. Now the years have passed, and we all have gone our separate ways. It's sad that at times like these, we always say why did we not? Busy lives, moving, our work and families, things change, but with all this to say is Kim, you were such a large part of everything, fun times and the sad times. And even though we didn't stay in touch, I think of all of our friends many times, remembering the good days. Kim, you will be missed so much and always remembered. You have walked through those golden gates and Jesus was waiting for you. One day we will all celebrate in heaven together! Love ya!

I am so sorry and so shocked to hear of Kim's passing. We were all Pleasant Grove kids at one time. So many memories of him and his sweet parents. We have been Facebook friends for a long time and it's great to be able to know and see kids and grandkids from fellow classmates from across the miles. Sending prayers for his wife and family during this difficult time.
