“ N E A L

Words can't describe the caliber of friend Neal was to me . The kind of real , true , sincere, no matter what friend that I've always heard , only comes along once in a lifetime.

The best friend I ever had.

PERIOD.

So straight up . Genuine. Neal knew only plain talk.

He would either make you laugh . . . or maybe make you mad , but NEVER intended to do either.

His only intention was to educate by giving his advice , by being totally honest , no matter what.

Hardcore, yet sensitive.

Extremely intelligent, but an even more gifted listener.

Bro , you promised me just days ago that you would “have us a hole picked out & would “ be throwing them back , ‘til I got up there with you “ .

That exemplifies your dedication to us fortunate few , who are chosen & blessed with being your friend.

But the most important, most appreciated,

most cherished piece of wisdom that you imparted to me was your longing to see our Savior ,

The LORD JESUS CHRIST .

Hands down ,

I'm MOST proud of you for that !
