“ Marise,
Please accept my sincere condolences. I didn't know John, but It would have been a pleasure to have known him. Having known you, Marise, for a short time At Boyden High School, I know that John must have been a wonderful man. I hope your little sister is doing well. Remember when the three of us went to the Capitol theater (Salisbury) to see Elvis in "Love Me Tender?" My fond memories of that time in life are saddened knowing of your loss. You have been constantly and will continue to be in my thoughts and prayers.

“ I'll be giving a virtual masterclass to students in Colorado today but my heart will be with John's family and friends in South Carolina. I'll be thinking only about my long friendship with John -- fishing together in Wisconsin with my father (my parents both loved him and he lived for a short time in our house) and, much later in our lives, with Chris (who I wish would get back onto his trumpet). Meeting Marise for the first time at our house in New Hampshire and Noah during multiple trips to their lovely house in Greer. Meeting many of his students and having ongoing relationships with some.

John's passing leaves a hole in my heart that can't be filled. So many memories. I truly loved this strong and giving man.

See you later, John.

“ Mr Sizemore was a wonderful instructor and man! I will never forget our first meeting/lesson. I still use the techniques he taught me so many years ago! He will be missed!

“ I was honored to be Mr. Sizemore first applied tuba student when the Governor's School opened it's residential campus. I am thankful to Mr. Sizemore who guided me and prepared me for college auditions and All State Band. I never made All-State band until I started taking lessons from Mr. Sizemore. He was such a gentle giant and I am so grateful to him for the life stories and guidance. May God continue to be with the family during this most difficult time.

“ John, I will meet our weekly talks at the Governor's School. Your commitment to your profession and students was commendable. You loved your family and beamed with pride whenever you spoke of Noah. You persevered through many obstacles with a smile on your face. You always treated me with kindness, and I am grateful for it. We will miss you but will never forget your legacy.

“ Literally everything I have I accomplished as a player and teacher, I can directly trace back to my lessons with John and having had the privilege to know him. He was more than a mentor, he was a good friend who always eagerly taught my students and would play whenever I called. His loss still strikes me deeply as I was planning to visit once Covid was over. My deepest condolences to his family. I cannot imagine your pain.
