“ Dear Tracy, Thomas, and Taylor,
I have cherished moments and memories of your family. I just felt the need to share about each of you. Even though we did not get to see each other that often some years, I felt very close to all four of you. Tracy, you have always been a genuine friend who I can always pick up with no matter how much time passes between our times of seeing each other. I always enjoy our conversations. Thomas, of course, many wonderful memories I have are of you as a sixth grade science student of mine. You came to class each day eager to learn and participate. You were so well-behaved. I thought it was a bonus that our families attended church together. I appreciated your service to our country, also. Taylor, I was so glad that you and Michael were friends in the same JK class. I also enjoyed following you in some of your volleyball years. I appreciated your sweet spirit. Tim always spoke to me and was so friendly at church. Of course, many of our conversations centered around our families. I will be forever grateful for a story he shared with me as he reflected after being with the youth group on a trip. He discovered that Michael was not shy and shared qualities he had discovered and admired in Michael. I will never forget that conversation. When the timing is right, I will share it with y'all. The Pratts are continuing to pray that God is wrapping you all in his loving arms. We hope it gives you some comfort to know friends care. Tim will certainly be missed by us and so many.
Love,
Shannon Pratt (and family)

“ Tracy, Thomas, and Taylor,
I was very saddened to hear about Tim's passing. Y'all lived next door to me on Howlong around 30 years ago. Since it was my first house, I remember asking Tim's advice on lawn care and to borrow tools at times. Thomas was very young, but I remember Tim and him playing outside, and Tracy "working" her Labrador retrievers. I think y'all moved about the time Taylor came along. Time sure goes by quickly, and I know you'll cherish the great memories you have with your husband and father. My thoughts and prayers are with you.

“ Thank you so much Larry for the kind words and memories. We would always talk about those times long ago in Half Mile Lake and I definitely remember you. He was always so willing to help his neighbors and I wouldn't be the man I am today without him.

“ Thomas, I forgot to say that I am still here in HML. As I said before, time flies! Knowing that you are married, and have kids probably about the same age you were when I last saw you, only goes to prove it. The 3 pictures below, are how I remember him.....especially the first one.
