“ When my family moved to the Upstate in 1990 to work with RiteAid, Adrian became a mentor that all young pharmacists wish they had had. Adrian was intelligent and new the " old ways" in pharmacy that we weren't taught in school. I loved his wit, independence, infectious laugh, & willingness. Most of all, I loved and admired his biting criticism of the "powers that be";it was always so honest. God love you all and comfort you in these times.##imported-begin##Rusty Carroll, Abbeville, SC##imported-end##
