“ *I'd like to share my good memory about Albert. His mother and my mother were sisters. I never got the pleasure of growing up with him because we live in Chicago. We became Facebook friends and he remembered me as a little girl. We reintroduced ourselves and went about liking and commenting on posts. I posted an app for donations to my son's walk for autism a few years back. Albert made a significant donation, but asked that I not make a big deal about it. He was modest and I respected that. I thanked him repeatedly and his reply was, don't worry about it. I love kids and have a soft spot for children with special needs. He was a great man. My deepest condolences to his family. May God help to keep you strong. God Bless.*

“ Waking up at grandmas old house in Poteet to someone knocking on the window kids room window we all get up go check out the side window next to front door. There he was just back from the navy late or early morning. I start jumping and screaming (its Tio its Tio) that no one can unlock an open the door. Then grandma came pushed "us" me away enough to get the door open. That was a great day for me think I was two or three maybe

“ Dearest Jr., as I've always known you . . . I was truly saddened upon hearing of your passing. The world has lost a great being ... but Heaven has gained another beautiful soul. During your lifetime, you fulfilled your duty in the United Stated Navy and then later, began your Construction Business. I've always been impressed in your accomplishments in this field. I pray for Peace to envelope your Family @ this time. God Bless you, Jr., and I, for one, will see you, with all my other Loved ones, again really soon.
