“ *I went to school with Alex ever since Pre-K. Even though we didn't talk that much, but the times we had spoken to each other he was always sweet and nice. Every time I would pass by him in the halls of Dorman during class change he would always carry a smile on his face. He will never be forgotten and the Watterson family will always be in my prayers.*

Alex was only a student of mine a short time during his last semester of his senior year. He was a one of kind student and I loved staying in touch with him even after he graduated. He was an old soul, and I could talk to him in class about almost anything and he was such a kind person. He will be missed greatly.

“ Will never forget the many d'Entremont Christmas parties playing basketball and pulling on the nutcracker guy on the string. Of course I cherish the memories of the Chinese gift exchange. I know Alex was the pride and joy of Aunt April and Uncle Tommy. You will be missed cousin and always remembered

“ I never got the chance to know Alex too personally, but I did get the chance to have several conversations with him over the course of my senior year at Dorman. I could never explain it but after speaking with him about music and cars and such, I always walked away in a much better mood than i was in before we spoke. His eyes gleamed when he talked to you about something he was passionate about. He had such a huge heart. I can't share a bunch of memories that we made together or good times we spent but I can say with absolute certainty that you touched my heart in a way no one else ever has. The world lost a great, great guy. Rest in peace Watterson.

“ In less than a year, Alex impacted my life. He was so kind hearted and always put a smile on my face. Whether it was watching movies or listening to him play the guitar, Alex and I could hang out for hours. He could always make me laugh. My condolences go to the Watterson family. Alex was my best friend and he will never be forgotten. I love you Watty,
