“ *Although we were unable to attend the morning visitation, we want to convey our condolences and sympathy to Andy's family, particularly sons Eric and Phillip, and his sister Kathleen. We were deeply saddened by Andy's passing away, as he was a kind, friendly neighbor to us and we appreciated the times we were able to spend together and our adventures dealing with the snow and living so far out in the mountains. We could not have asked for a better neighbor and we miss him greatly.* *John & Nadia Price*

“ We extend our condolences to Andy's family at his recent, and unexpected passing.

He was our neighbor at RockPoint and visited us over the years at our holiday open house events. He was a quiet, hard working man who contributed to the community. My last view of him was of him riding on his mower, trimming the edges of Upper Springs Rd.

Living at the top of our mountain he was the first person to notice when something was wrong with the water system. As this was my responsibility he would call me and let me know something was not right. He was a patient man, and I know that upon occasion he was in the shower when the water failed. As annoying as that might be, he was able to laugh over it.

Andy was a goodneighbor. He'll be missed.

God bless you all as you deal with this loss.
