“ To the entire family. I am so very sorry for the loss of such a fine person. My prayers are with each of you during this very trying time. Anthony was a very dear cousin, which I knew better growing up as a child than as an adult. Loved him as a child, since we all did grow up together. As we all became adults and went our separate way, distance came between us, but I do know, he was a very dear cousin that I loved. Life on this trying earth is only a stepping stone to greater eternal life in heaven. One day we will all see each other in heaven. I lost my grandson at the age of 19 four hears ago. I feel your loss, but rejoice that there is eternal life and one day there will be peace. Love you all!

“ To Pandora and the entire Cabeza family, with great sadness I write this condolence. Tony was the same to me as he was to many, a professional pilot and a trusted friend. As I say these words it becomes evident what they truly mean. As a pilot with whom I personally logged hundreds of hours with, Tony was always cool and in control as many great pilots will demonstrate. We had weather issues, mechanical issues and never as his passenger was there any concern. Tony flew me for business in most cases and it was with his service my business grew and became successful as a result of many of these trips piloted by non other than my trusted friend.

In friendship, Tony met my father many times and other family and friends, and in one case, flew us all to the Outer Banks for a day of sport fishing, a day that my family will always remember (It couldn't have happened without Tony). He flew my wife and I many years ago to my High School reunion in Philadelphia and made sure we returned to Greenville in order to be home for our pet that night. My wife and I will miss Tony, he is in our thoughts and prayers along with the Cabeza family.

“ It sadden when I heard about Anthony , When we were kids growing up I spend a lot of time at the Cabeza home he was like a brother to be. I recall when we when camping with the Boys Scouts we share a tent together, we used to ride our bike all over county.

When we started driving we would go out on a friday night with his brother Johnny and my brother we had a lot of fun, he will be miss and my prayers go out to his family.

I recall one winter we went camping it was so cold we had to build a small fire where we wanted to drive the tent spike in the ground.

I wish I could put into words what this loss has done to my heart. Anthony with his brother Johnny and sister Toni are like my own children. We have been through lots of things together. Anthony would call me at night and tell me he was thinking about me and just wanted to make sure I was ok. I will surely miss all of those calls and our e-mails. My prayers are with each of you.

I am so very saddened and dismayed that a fine man such as Anthony Cabeza is no longer with us. My thoughts and prayers for John, Toni, Lucky and his God Children John Jr. and Matthew Cabeza. They are my sons, his uncle, and were devastated. Anthony was best man at my wedding to his brother John Sr., so I had many many happy years with my "adopted" brother. His sense of humor and ability to enjoy life was extraordinary. Always the gentleman and always full of love for all who knew him. I had the distinct pleasure of knowing Anthony and the memories of him will live in my heart forever. Until we meet again my very dear friend, I will miss you terribly. Love to you Anthony, your former sister-in-law and true friend, Susan Cromwell
