“ *RiP my dear friend. I will always remember all the good times we have had. As we were younger you would come to our house and we would eat spaghetti and have good times. As we got older we spent much time on the phone just talking and talking. I loved the times I came to your apartment and how we would laugh and talk but then came the COVID and we couldn't do that that. Thank God for the phone. I love you Barbara and will miss you. All my love Betty Longhurst and Bill too.* ”
