“ I got my husky as a gift in 1999; a white mini husky with blue eyes and a spunk that lasted almost 17 years until she finally crossed over the rainbow bridge. Her name was Dakota and, to this day, that dog is still one of the greatest loves of my life and I am truly better in so many ways because of her. I was 19 when I got her and in my 30s when it was her time to go; I didn't even know who I was without her so, needless to say, I was quite devastated when her time finally came to leave this earth. Feb 29th was the 4 year anniversary of her death and I am only just now finally ready to be a dog mom again. I pulled out my sweet Dakota's papers to find her breeder's information and I am learning today that Ms. Galliher is no longer with us. I had hoped to get another puppy from her if she was still breeding huskys. I am saddened to hear of her death but it makes me smile to think of her surrounded by all the dogs she helped bring into this world and match with loving dog parents. Like my Dakota, I think of Ms. Galliher as an angel looking over us. Please accept my sincerest condolences and know that she truly made a difference in the world.

“ I met Becky back in 1999 when I bought a puppy from her. I was a senior in college. I went to her house several times, and we stayed in contact throughout most of that pup's life. That dog was with me for 15.5 years until I had to let her go to the Rainbow Bridge in 2015. Becky was so kind and caring and always available to answer any questions or concerns about my puppy. I emailed with her in 2015, and she had one pup that she was going to let me take, but at the time, I couldn't. That husky of mine was the best dog I've ever had. I just looked Becky up because I'm headed to SC soon, and we thought about coming over to Gray Court to see her and say hello. I'm so very sad to see that she has passed, but please know that she made a lasting impact on me and sold me the very best dog a person could ever have. I know she will be forever missed by everyone.

“ My condolences to the family. I first met Becky in 1994 over wolfdogs. She taught me so much and led me to correct "knowledge" and dispelled the myths about wolfdogs. In 2002 I started Full Moon Farm Wolfdog Rescue, and Becky was always willing to talk to me about wolfdogs. She will be missed.

“ I'm so sorry for your loss. I just met your mom while she was at Ft. Inn N & R. She was a very special lady. I enjoyed my visits with her, weekly. She was very gracious and kind. May God wrap his arms around you with his love, peace and comfort during this sorrowful time. Blessings and prayers for each of you .
