“ Dear Judy & Family:
We were so sad to her of Betsy's death. We were both classmates of her's as well as friends. We had such good times during our high school days - many laughs - great memories! We did see you and her at the doctor's office the first of this year and we were praying things would get better for her, but God had other plans. She is better now and your family has the promise that you will see her again. We pray God's love will give you strength and His mercy will give you peace during this sad time.
With our love and prayers
