“ *My thoughts and prayers are offered to the nieces who have so faithfully cared for Betty throughout this difficult time. May you have comfort in knowing she is with her Savior and all those who have gone before her.*

I am blessed to have had Betty as my friend. She introduced me to line dancing several years ago at Senior Action, and we shared the fun later at Landmark. I so admired her spunk and her open heart to help and encourage everyone through inclusion and concern.

Betty was one of the most faithful women I have ever known, being present at almost every Sunday Service and other events at Lee Road Baptist Church.

I'm gonna miss seeing this sweet lady!

“ *I had the privilege of knowing Betty through line dancing. She would light up the room when she entered and she always had a smile on her face. During the past year, she was in my class at Landmark. As her health became more of an issue, she would bring Susan and sit and watch the other dancers. I am so glad I was able to visit her at NHC. Even then, she talked about missing dancing and the other ladies. She will be missed, but she is in good hands.*

“ Betty was a tiny lady with a giant heart. She had a passion for line dancing and that's were I had the opportunity to get to know her and come to love her. She was always eager to do the dances and encouraged others to dance also. She was an inspiration to all those in her line dance family. She never complained and she was always thinking of others. She would give me a \$5 bill when I was getting ready to go on vacation and she would say, "Get yourself a sandwich, on me." I have very fond memories of her. I am saddened by her passing but I am joyful to know that she is in the arms of our Lord.
