“ David, Scott, Terri, and Jeff, I have good memories of you and your family when we lived next door on Gregory Dr. You have my deepest sympathy in the passing of your dad. Billy was a classmate of mine from elementary school through high school. He was one smart guy and had a great smile. All of you will be in my thoughts and prayers.

“ David and Dawn:  
I am saddened to hear that my long-time friend; co-worker and fellow Architect has passed from this life. We had so many good times together over a span of about 40 years. He was a very good friend and always fun to work with at Lockwood Greene.  
I was unaware that he was in the hospital -and if I had known - would have been there to visit.  
Please let me know if there is anything I can do to help you or the family.  
God Bless!

“ So sorry to hear of Billy's passing. I've known and worked with him off and on for nearly 35 years. He was knowledgeable on many subjects, and I learned a lot from him. Billy loved his family and spoke fondly of you often -- I'm sure he will be missed. Blessings,

*The thing I remember mostly about Billy was his smile and laughter. Billy and I worked together on many projects over the years, both in Greenville and in Spartanburg and I always enjoyed working with him. He was a part of the Lockwood Greene family of architects, those in the group would know what I mean. I was impressed when he went on to get registered as an architect, something that is not an easy task. We will all miss the "Billy Allen" we knew and I am sure there are many others that will feel the same. Rest in Peace Billy.*
