“ David and Amy, im so sorry for your loss, your dad had many friends who thought the world of him and I was one of those friends. He always stopped to speak to me where ever I saw him and was always kind. Once before you David were born he and Sandy lived on the same street as me, I met your dad while riding past their house. One night I was riding home late after dark and my horse ran away with me, we were running down the middle of the road and she wouldnt stop, I was bareback and only a halter on, she turned started sliding in the road but caught her balance and ran up the fence in back of your parents house and threw me over that fence, she ran home and I was in Bill and Sandys backyard trying to find the gate....I got out but I remember seeing them at the dinner table thru the window, they never heard a thing and I never said anything about it...Its just a funny memory that I experienced many years ago and amazing that years later I would see you as a kid riding ur pony running barrels and even later spending fun times at shows where I always loved watching you and Jordan. God bless you and your family, you guys will be in my memories forever.

“ David, I am so sorry for the losses you and your family have had in the past few years. Sandy and Bill were special friends to me through the horses. I enjoyed working as an officer along side your Dad for many years in the Carolina Horse Show Association. I felt like I spent half my life at horse shows at Skyland often helping your Mom in the office or doing some other tasks. Those were special times and I will always hold them close in my heart and memories. If I can help you in any way, please let me know. May God give you comfort during this time. .
