“ *I'm so sorry to hear we've lost this kind soul. For many years I worked with Brad at High Cotton in Birmingham. He was always kind-hearted, proactively helping others, trying to make one smile, and performing random acts of kindness. Just within the last two years we reconnected via LinkedIn and had some nice communications together. He explained to me his Guillain-Barré diagnosis along with its trials and tribulations. However through it all he was clearly still trying to keep a positive frame of mind. Thank you for bringing him into this world so his kindness and generosity could touch many lives. I'm just sad to hear the world lost him sooner than what should have been his time.*

“ I knew Brad from an Alabama football message board. Though I never met him in person, I got to know him a decent amount. Or as you well as you can in this situation. I always looked forward to reading his breakdowns of the game, or just reading his views on many different topics...He will be greatly missed in our community.

“ So very sorry to learn of Brad's passing. When Chris, Elizabeth and I were all at Winthrop, I always enjoyed getting to see and talk to Brad when he and Mr. and Mrs. O'Rear came to visit or when I was able to visit in their home. It was great to keep up over social media and had been praying for Brad in his struggles these last few years. My heart hurts for you, Mr. and Mrs. O'Rear, Elizabeth and Chris, and I'm praying for you.

“ I am so sorry to hear of Brad's passing. I met Brad over 20 years ago in Birmingham thru mutual friends. We had an instant connection when we discovered we were both from Greenville. Although we lost touch for a few years, we were able to re-connect the last few years. I even brought him some Duke's Egg Salad from one of my trips to SC. Brad had such a positive attitude even in the midst of trials. He will be truly missed. - Amy T.
