“ *I worked with Brad at AFL; Brad was one of the most respectable young men I have ever had the pleasure of working with an meeting. He was a good man and a better friend. Brad will forever be missed by many people but especially by me. He always had a kind word and up lifting comment for me. Brad was like my son that love to talk about his babies and his wife. He loved ya'll with all his heart. He also loved his mother and Keith he always had kind words about everyone. My heart goes out to everyone that was in his family for I know you are so heart broken but know that Brad was a GOOD man well mannered. I will miss him more than words could ever say. RIP Brad you will forever be missed God has you now and you are at home.*

“ I've known Brad since highschool, I was a senior and he was a freshman.. even drove his school bus.. and even back then he was one of the cool kids.. And after we got out in the real world, we met up again and worked for a couple of different companies together over the last fifteen years, hard worker, always willing to do what had to be done to get the job done, and always willing to help.. a good friend, a good father, and someone I considered to be my bro... Will miss him greatly.. condolences to the family and Godspeed...

“ I really didn't know Bradley that much but I knew his Mother and her family. I know that of all the people I can think of Gail was and is my sweet dear friend. Things like this are just not suppose to happen, but Gail your faith is one that proves our God is holding you because your strength and endurance are tremendous. I love you and I know without a doubt you loved him. May God's grace carry you through this time of sorrow and loss. Friends forever my dear, sweet friend. Time passes but love endures forever.
