“ *I wish I could have been there today to see June one more time here on earth. I know she will be waiting on the other side for us all. June was always trying to get her life ready to meet the Lord. We talked about healing alot. June now has that eternal healing that we have prayed for almost a year. I would not call her back for anything in this old world. I will miss talking to her and sharing our love for each other when we talked. We had so many stories to share about our past working days You were so blessed to have such a loving daughter and sister in your life. The hospitals and our nurses loved to work with June, MSN was blessed to have her for years working for our company. She is now in that Special Unit in the sky with the Lord. I am blessed by knowing her. We will continue to pray for her Son and her immediate family as they go through this time of adjustment. May God give His sweet peace that only He can give his children. We will all meet again someday soon, I will check on her Mother later on to see how she is doing. In Chirst's love.
