Fitting memorial. Beautiful tributes by her daughters! Enjoyed the music, which was so much a part of Lee's life.

“ *I was introduced to the Bailey's by a mutual friend and became friends with them as a couple and as individuals. I could not have asked for a better friend than Lee! She was bright, and intelligent, with a great sense of humor. She was always a source of encouragement. I have sorely missed communicating with her and share in the grief of her death with her family and friends. My deepest sympathy and condolences to all. I look forward to seeing her again one of these days!*

“ I have never not known Lee. My father, Fred Childress, cherished his friendship and love with the Bailey family, spent every Christmas together, and I came to always be a part of this friendship and love. She has been in my life since I was born. My "other mother". We enjoyed baseball games, classical music, and many walks around the Furman Lake together. Even found each other by coincidence on one of their trips to Italy! Lee was a huge support to me when trying to cope with my mother's care. I will always miss her. I know she now rests with the Lord.
