“ Our family loved Charles Black. He was friends with our Mom and Dad. Both Charles and Jerry Sudduth were in the Navy and both from Startex. Back in the day they would hunt together and have meals that Mom would fix. He was prominent in our lives as we grew and influenced me. I spent 22 years in the Air Force, Charles looked pretty comfortable being retired Navy.

“ Mr. Black was and will always be considered another grandpa to me. He never missed a holiday or birthday party or any life event with us. He never turned down the opportunity to tag along with Pop and me coyote hunting, fishing or whatever we chose to get into that day. We weren't blood related but I'm convinced that he's where I got my smart mouth and wittiness from. It was a privilege to have known him and been able to be one of his "adopted grandchildren".

“*Mr. Black, you will be remembered as a special part of our family. Always enjoyed the teasing between you and your buddy Charles, I will always smile when I think of "the boat" incident. And you always enjoyed my homemade turkey treats at Thanksgiving. You were a special part of our family, celebrating many holidays, birthdays and life events. Love, Kitty*
