“ We have had the privilege of eating lunch with Chuck and Linda at White Oak ever since we moved there in July 2019 until the virus shut down the dining room. It take long for the four of us to become good friends. Chuck was the quieter one of our foursome, but you always knew he enjoyed our company because of his big smile. We could always get him talking about the Atlanta Braves and especially his loving family. We will miss Chuck very much. He was a wonderful man. Our prayers for Linda and their family. Sincerely,
Don and Carol Sanders
