“ Chris was my only sister but she was the best sister that anyone could ask for. With her past 3 years of battling cancer she was always worried about everyone else instead of herself. She called me every single morning when she was taking her morning meds and trying to fight off the sickness. I already miss her more than anyone could imagine. She was my rock when things were rough for me and I was hers. I really don't know what I'm going to do without her, I feel so lost. Ninnie loves you to the moon and stars. Rest in peace

“ I can't share my most favorite moment, it wasn't ugly or wrong, but it's something we swore we would take to our grave. Guess it's left up to me now to hold true to my part. I love you boo! Wait at the gate. I'll see you soon.
