*This news has me saddened. I have not seen Kris, since before Christmas of 1991, at Brevard College. I was his roommate that semester. Kris and I agreed on much... and disagreed on much. He was a very talented young man as I remember. He had a vast memory bank of music he could play(drums/percussion, electric bass, and guitar) and sing... especially impressive was the repertoire of Rush tunes he knew by heart. I liked Kris... there were things and attitudes in his life I did not care for at the time but I remember him always as friendly and able to strike up a conversation with anyone. My deepest condolences to his parents and siblings. I was a guest at their home twice, I believe. I was always treated with kindness and hospitality. I remember his mom cooking steak stir fry one night and I was very excited about that. She thought that was so funny that I was excited over something so simple. Again Im very sorry for this loss Hyatt family. I pray that the joy and peace of the Lord Jesus Christ keeps you, preserves you, and comforts you in this tragic time.*
