“ To all the Bayne and Cox, Styles, Brown, Smith, etc. families, I just heard about Mr Bayne and send deepest condolences to all from both myself and my wife, Susan. . We are so sorry for your loss and know that Mr Bayne is in heaven now.

We always thought the world of Mr. Bayne (I never called adults by their first names growing up) and had a world of admiration and respect for him and both Mrs Nell and Mrs Grace. I remember a time he locked a chain on the accelerator linkage on Johnny's 57 Chevrolet, as a "governor", to keep Johnny from speeding... thought that was pretty cool. Also remember once I was invited to go quail hunting with he, Johnny and Charlie.

He let me hold his special Browning Sweet 16 shotgun that I always admired. I've always thought and viewed him as a fine, strict, honest up-standing Christian man.

I know he will be sorely missed.

kindest regards and condolences to all,
Randy and Susan Massengale.

“ *To: Andrea & family*

Thank you so much for everything you did the last few years for Tap. From doctor appointments to changing dressings from home, and bringing him for visits to see my mother Martha Norris. For loving him for the kind man that he was. Bringing in food with a bright smile to share with him. He was blessed to call you his step daughter as I am blessed to call you friend. I'm so glad you were there at the end it's not easy when you don't have a daughter. As you shared with me one day before Nell died that she was worried there would be no one to care for them since they didn't have a daughter and you told her not to worry you would be there. And you were right there with us nieces for Aunt Nell. But also for Uncle Tap. Thank you for just being you. Love to you my friend.

“ *Andrea and family, I just wanted to thank you for everything you did for Uncle Tap over the past few years, the doctor apts, the food, taking care being sure his surgery incisions were kept clean and most of all for your love to him. It showed so much the last time you and he came to see Mama (Martha Norris) and myself. He was such a fine kind gentleman. I can hear the lord telling him as he walked through those gates "Well done thy good and faithful servant! He will certainly be missed!*

Love that kind heart of yours Andrea!

“ *One of my fondest memories of Uncle Tap was when he picked Matthew up and took him to run the dogs at the beagle club. Matthew loved visiting him and talking about hunting and seeing his dogs and getting hunting tips from him. He was such a sweet man and cared so much for all of his family. He so enjoyed it when Greg, Rachel, and I would visit as well. I'm so glad I saw him a few weeks ago and made him laugh. We had the best visit! Johnny, I love you and know you are going to miss him! We can all take comfort in the fact that he did it "his way" and entered the presence of our Lord.*
