“ Rhonda, I was saddened to hear of Sonny's passing. I remember him fondly from when we all worked together at Steelcase. I know you must be devastated. He was a lovely man. My sincerest sympathies to you and your family. Keeping you in prayer and lifting you up to the one who will comfort your every need.

“ I have so few memories of Sonny, but my favorite one was from many years ago. Right after I got my 1979 Camaro, my parents purchased a musical horn for it. My dad invited Sonny to come down and help him put the horn in. It was such a laugh watching 2 very tall men putting 6 horns in a very small area. You should have heard some of the words used!! The music played from that horn was the theme song from "Dukes of Hazzard". I was the only 1 around that had that horn. I had so much fun with it. I believe the horn last for 4 or 5 hours!

Rhonda, Sonny loved you with all his heart. He will be missed by many.

Until I see you again Sonny.

Love your cousin

“ My daddy was my best bud, I was his mini-me. We loved spending time together woodworking, watching basketball, or just hanging out spending time together. So many lessons I have learned spending time with him. I will miss hearing him say, “I love you doll”. My heart is broken and my world will never be the same. I miss you so much it hurts, but I know you are in Heaven and I will see you again. I love you, daddy.

It's been over a month now since you went home. It's been really hard on us and we miss you so much. I think about you all the time but I know you will be waiting for me. I wished I could talk to you and see you for just 5 more minutes so I could tell you my big brother just how much I love you. I'm really missing you to night.

I think about you every day. We didn't have a good childhood and it affected our adulthood we never really knew how to love anyone. Rhonda and your family turned you in to being a loving husband and father. The last 2 years has been the very best for you and me. Sonny I miss you so bad that it hurts. I love you so much but I will see you again my Father in heaven will make sure of it.

It's been almost 4 months since you have been gone. My pain is still the same as the day we lost you. I think about you every day. I begged God not to take you from us but I guess he needed you. Remember I will always love you Sonny!

Don't know if you'll get this message but I just wanted to share a moment. I grew up with Sonny in Miami. I was two years older but we did hang out some. Two great memories of Sonny. One, we were swimming in a pond and I got cramps and was having difficulty. Sonny had swam ahead but turned and looked back and saw me struggling. He came back and pulled me to shore. Saved my life. The second was once we decided to go fishing in the Everglades where I had seen snook swimming once when I was with my grandfather. Sonny took his dad's car despite his dad being passed out in the back seat. We ended up catching a couple nice fish despite the fact we were fishing in an area where it wasn't allowed. We headed back to Miami and his dad woke up. He wasn't happy with us but when we got back we dressed out the fish and to this day that is some of the best fish I ever had. I was thinking of some of my childhood memories today, which I think people do as they get older do. Sonny will always be one of my favorite memories. Sorry for your loss but I know you had a great man to share life with.
