“ It has been almost a year since Craig has left us behind but it seems like yesterday that me and Craig were working together and teasing with one another. Me and Craig did not grow up together but in a short amount of time we became good friends. I trusted Craig with my life and he always brought a smile to my face and a warm feeling in my heart whenever we talked on the phone or met in person. To me, not only was Craig a genuine, great person but he was a dedicated son and brother and cared emmensley about his family. Craig was like a brother to me and I miss him dearly. I will never forget his soft voice and his caring personality. I have been blessed to have had him in my life and my heart goes out to Brent and their Mother, who I consider my extended family.##imported-begin##David Stewart##imported-end##

“ To the family of Craig.

*My heart goes out to each of you. While I did not meet Craig until just a few years ago, I found him to be a funny and happy person. He will be missed by so many of us. He worked hard and seem to really enjoy his work. I know first hand how proud he was to be working along side his brother Brent. Craig you will be missed but never forgotten.*
