“ I first met Dan when I took a position as lieutenant with the Greer Pd in 1992. It was unbelievable just how much we had in common. First, we were about the same age.. we were both married with two sons and we both lost an infant son. We were both veterans of the USAF and we both served in Vietnam at about the same time. We both came to Greer PD from large County Departments. We both smoked so we spent a lot of time out back at the Pd. It was out there that I learned so much about him.. As an outsider, I relied heavily on him in matters pertaining to South Carolina law. Dan might have written the code of laws. His knowledge was unparalleled and he was happy to share it. Back then we were both Baptist's but not particularly active in the church. Later in life that became much more important to both of us and for that reason, I know where. He is sitting today and Who he is sitting with. Blessed are the Peacemakers for they are the Sons of God. May, God bless you and keep you, Dan. I love you and will miss you. Welcome Home.

“ Dear Mary and Children,  
My thoughts and prayers are with you. Dan was a wonderful caring officer and friend. What a comfort in knowing, he was among the best, as a protector in many communities, and while serving our country. He will be sadly missed, but always remembered!  
May God be with you all, at this sad and difficult time. Praying that you will have comfort and strength.

“ One thing that Lt. Dan put before himself was, the Lord, Family, he had two families, the primary one at home, the second wore a badge and carried a weapon. We got to know each other when he was with GCSO a FD I was with GCEMS. Even ack then when I heard his voice I knew I didn't have to worry about my back, he had it. Then I became a Reserve Officer at GPD, I had the privilege of riding with him several times, he drove the first couple times and one time I was heading to put my stuff in the trunk and headed to the passenger seat and he was already there, I asked him what's up and he said with a smile, drive. Now for those who have never worked the Fire, EMS, or Law Enforcement you have to know it's extremely hard to turn your vehicle over to someone else, Lt. wanted you to know when you were ready to be on your on. When I completed my FTO training we sat down one day and talked, he pretty much said the same exact thing my father in law had told me weeks prior, he retired with 42 years in LE, so I knew I could take it to heart as he told me. He spoke of his home family the way that there was no question of how much he loved them. Thank you Mrs. Hendricks and children for sharing him with the public and those in Blue.
