“ I had the opportunity to get to know Murph (that is what he wanted to be called), through our mutual hobby of Ham Radio. Several years ago, we were spending an hour each Saturday at Starbucks helping him prepare for his Amateur Extra exam. When he passed, he said it was one of the happiest moments of his life. We continued to meet every month or two, discussing every topic under the sun. I had the opportunity to meet with him about two weeks before his passing at his acute care facility. Although bed ridden, he was as sharp as ever, with ambitious plans for the future. Murph was a dear friend. Dave Ivey, KE4EA.

“ Mary, so sorry I did not know of Daniel's passing nor of his memorial service. I am so sorry for your loss. You will remain in my heart and thoughts in this time of your loss. You and Daniel shopped my store for many years and I so enjoyed our many conversations. I will miss Daniel and all our spirited conversations. God's Grace be with you, Mary. With love and friendship, Margaret Griffin

I just found this obituary. I really regret missing his memorial service. I will truly miss his weekly phone calls. We would talk (and argue) for hours at a time about every subject under the sun. We almost always ended our calls by him saying "next time I'll let you talk." I met Dan in 2000 when we worked at Computer Dynamics. He was quite a character. He would recommend books for me to read which I never did and I would recommend books for him to read which he would not read. I tried to teach him how to play chess and how to write computer programs.
