“ *Brother, Ever since I heard the news I can't stop thinking about the great memories, Prank Calls/ AOL Chat pranks, Going to the Drag Races every year with Jeff & Jimmy, Burning all those CD's and the Rapping(Cobb and White C) , Riding around the Passport with the speaker system, NFW Backyard Wrestling at the "Center Center", Prom, Goofing off at Greenville Tech, and a thousand other memories! I know we didn't see each other as much when we got older but you were always so good at reaching out over Text/Messenger I appreciate that more than you ever knew! I'm glad we got to hang out a few times over the past year , you had me laughing so hard I couldn't breathe that one night! You were an incredible friend and I'll never forget you! I love you brother, Keep an eye out and guide us all for now until we meet again!*

“ So sorry to hear about Travis. I remember when I was asked to coach this baseball team by his mom Janice. That year, that team, was the start of a lot of life long friendships between the kids and parents. I know he will be missed by so many. My heart hurts for his mom, brother and sisters, and for sure all of his family and friends.

“ Janice, I can remember when Travis was a little boy playing ball with Austin and seeing him at El Bethel and teaching him in Sunday School, and even as he got contacts and I got to see him as a nice looking young man. He was always pleasant and friendly and I always made it a point to speak to him anytime I could when he'd come by the office. . I don't have any magic words to make it all better, but I do have a Heavenly Father that I will ask to be with you and your family and Travis's friends during this most difficult time. May you feel Gods grace, mercy and love.

“ *Man Trap this one hurts. To be absence in the flesh is to be present with the Lord. I pray that for you My friend. We've been great friends since 3rd grade. You always made me laugh and we always had a good time together. From talks and dreams of california, to freestyling and gamecocks... We enjoyed each other's conversation. I'll miss that. Good bye until next time friend.*

“Wow Travis what can I say. I've known you since 3rd grade. You were such a sweet spirited person. Every time I came to South Carolina I made sure to spend time with you. I'm so saddened to hear this but have faith and trust in God that the good hearted are in good Angelic hands and in the presence of the most high. I pray that for you. From freestyle rapping to talking game cock talk, and your hopes of coming to california. I went for the both of us bro. I'll miss you. Until next time friend
