“ Kathy, Jimmie, Mike and family

It is with much sadness that I am writing this. Buddy and I have been friends ever since we were kids. Actually, at one time, we were "boyfriend and girlfriend". As happens, over the years, we lost touch. However, out of the blue, Buddy called me several months ago. We had a wonderful conversation and reminisced about the "old" days. Though it had been a long time since we had talked, it was if the years never separated us. I could not have known then, that if a few months, I would be visiting Buddy in the hospital, especially in the condition he was in. It was evident Buddy was in a lot of pain; however, he never complained. We found ourselves talking about the "good old days"; but, we did not always remember them the same. Buddy reminded me about a hayride we went on. Buddy said that I kissed him; however, I remembered that he kissed me. Of course, he really did kiss me and though he knew that as well, he never did admit it. 😊 We had a big laugh about that and I will cherish that moment. Less than a week later, when Frederick and I went to see Buddy, I could not believe how much his health had declined. Though, he dozed most of the time, when he was awake, he told Frederick it was so good to see him. Buddy and Frederick were always best friends. Even in his dire condition, Buddy was still his caring self. I, of course, did not want to see Buddy go; however, I also did not want to see him suffer. He is not suffering anymore and I now find comfort in knowing that Buddy is in the arms of our Lord and Saviour. I know that the family also finds comfort knowing Buddy is pain free and is in a better place than we are. It will be those wonderful memories that we have and knowing where he is that will sustain us. So my dear friend Buddy, may you Rest In Peace and know that I am so proud of the man you became.

With all my love,

Fredia

“ *Buddy was the kindest person I ever met I was going through hard times when he came over to my empty apt and offered me to move over with him and Kathy...No one ever did that for me. He saved me from eviction, and I was so grateful... I truly loved that man... sincere, honest and a joy to be around.. I will miss you always Buddy.....*

Buddy was a friend of mine. I lost track of him over the years Last time I seen him was about 92 or 93. Did not know that he had passed. We went to Greer High he was a year ahead of me. He stood up and helped me out back in 1988, he didnt have to he just did it. He was a good man.
