“ *We are so sorry. Here is a poem that has helped me many times.*

*Feel no guilt in laughter, she knows how much you care
Feel no sorrow in a smile that she's not here to share
You can not grieve forever, she wouldn't want you to
She'd hope that you can carry on, the way you always do
So talk about the good times, and the ways you showed you cared
The days you spent together, all the happiness you shared
Let memories surround you.*

*A word someone may say
Will suddenly recapture a time, an hour, a day
That brings her back as clearly as though she were still here
And fills you with the feelings that she is always near
For if you keep these moments, you will never be apart
And she will live forever locked safe within your heart.*

“ Deborah was a student of mine at Greenville Tech. Our paths ran into each other from time to time after her class was finished. She had a special quality that made her shine. I never forgot her. She talked about her church and her family. The two things that she loved so much. I'm so surprised and saddened to read about your family's loss. I was just thinking about Deborah, the last time I had seen her she had been talking about future plans to possibly open a coffee shop one day in Greer.##imported-begin##Wendy Rader##imported-end##

“ Growing up, we depended as much on our friends parents as we did our own to provide guidance in our life. Roger, you and Deborah provided great examples of what our life should be. Your love stood the test of time and in this selfish world you gave all of yourselves for each other, your children, and your friends. You two were always there for me, David, Will, Brandon, Manning and all of our other friends the way you were there for Andrew, Heather, Josh, and Timothy. You never hesitated to volunteer for a church youth trip and help with so many other fun events during my high school days. I know that Deborah is in heaven looking down on everyone and making sure that we are okay.

She will be greatly missed and forever remembered. Her legacy will continue to live on in the lifes of each of you. Continue to live the example that she showed and know that through God's grace this is not goodbye, but that we will see her again when our times have come.

I love you guys and my thoughts and prayers are with you.##imported-begin##Roland Trout##imported-end##

“ Dear Florence and Joe:
Cabbie called me last night to tell me about Deborah. I can't tell you how sorry I am. I wish I had some words of comfort, but there are none. She was a wonderful little girl and I always had a soft spot in my heart for her. Every August 26th of her life I thought about her. I'll phone you after the funeral.

*With love,
