“ *Don, although I only knew you for a little more than a year, you came to be a very good friend. I'll always remember all the good times we had singing karaoke together. I am going to miss you and all those wonderful old songs you used to sing. Rest in peace my friend.*

“ *My friend & confidant for 30+yrs. I hold our memories near and dear in my heart. You may be gone but you will never be forgotten. I will see you again one glorious day!
I wrote a poem a few years ago, wanted to place it here for you my friend DON CORN*

Growing Old

*Life passes us by, without a doubt
We live our life as we see fit
We watch our loved ones die out
Hoping, we will survive every bit*

*God, take us by the hand, help us understand
He knows firsthand
We will see them again in Holy Land
What a joyous day that will be
For we all will be free
Angle of Mercy on our knees
We want to see our Family
You hold the key through the pearly gates
When we get there our Family awaits
Our golden key to eternity mistakes
Angle of Mercy you hold our fate*

May God Bless Your Family

“ To the Corn family:

Don and I were best friends during his days at Fairforest High School. I came to Fairforest High as a completely new person to the area and the school. Don went out of his way to welcome me and make me feel at home. We were best friends from then on. We ran around together, talked about girls, played school sports together, etc. Don personafied the term: "The All American Boy".

Our adult lives took us on different paths, in different parts of our country and we didn't see each other very much after we left Fairforest; but whenever I think about those wonderful days; thoughts of Don are at the top of the list. I look forward to seeing him again when we meet again at JESUS'S feet.

Sincerely,

Tony Pruitt

Shorty, I met you and David Tart in late 1962 at Fort Huachuca Arizona and became life long friends. We sure had some good times together. We spent a week of our leave in my home time, on the way to Smithville, TX. we drove your 1956 Ford. It was late at night and I was in the back seat sleeping and Shorty was driving. I was woke up from the noise of the windshield wipers. I raised up and looked out the windshield and I barely could see the hood of the car. I then looked at the speed-o-meter and he was driving at 80 MPH. I ask Shorty to pull over and let me drive and he did. I will always remember Shorty.
