“ Thank you to all who are sharing memories . I can't help but share the one where when our sweet papa passedhis shoe wasn't on his foot all the way at the viewing and she continued to try to jam his foot in that shoe ... lol I whispered” MOM stop it you're going to get us kicked outa here !” About time she gave up with the shoe and took out her giant camera and said” okay everyone squeeze in for a picture with papa !!!!!” I was mortified . But she snapped “ Tarina PICTURE!!!” So I smiled in the pic with my deceased papa behind me on the table and his shoe still hanging off of his foot . Lol 😂 oh mom . One of a kind you certainly were . We've been seeing double the dragon flies since your passing . I see you. I love you always .

As I was driving down the road a week ago, a dragon fly flew down in front of my windshield hovering there for around 30 seconds then it flew away. I didn't even know it at the time because I don't get on social media often. That had to have been my longtime friend, Donna coming to say goodbye. Donna had a wonderful soul. She and Tim were my neighbors when I lived in Atlanta. Donna was pregnant with Tarina. They quickly became my Atlanta family. Her door was always open. She loved strong with her whole heart. Heaven gained an angel. I will miss her smile, laugh, and hugs. R.I.H. Love you always.

“ I was saddened to hear of Donna's passing at such a young age. Donna and I worked together at Spartanburg Regional on 7 Tower. She had a wonderful sense of humor, an upbeat personality and boundless energy. She would often spontaneously break out in song and dance, and entertain us with her funny antics. She truly was one of a kind. Most importantly she had a strong faith in Jesus.

“ Donna had a beautiful heart and soul. All she ever wanted was to be loved and accepted by her family and friends. She was always there for her neighbors whenever they needed her. She just let life and pain get in the way and so many who misunderstood her. I love and miss my friend.

“ First motorcycle I rode was Aunt Donna's Honda rebel 250. She would let me ride around the neighborhood. I was probably like 13.
