“ Dear Amy,

Please know that you and your family are in my prayers. I saw your mother's obituary in this morning's paper and recognized the last name as being that of one of my students. I am terribly, terribly sorry for you loss.

Take care, Amy. God be with you.

“ *I have been praying for your Mom and each and every one of you all since I first heard of Donna's illness. I am so very sorry that she had to leave you all now. She has gone to a better place but I know you will all miss her terribly. You were all very young when I first met you and your Mom and I know her to have been a very devoted and loving Mother. Being a Mom myself I know she wants you all to be alright. Support and love each other and make her proud. Please if there is ANYTHING we can do to help you please let us know.##imported-begin##Tammy Brown##imported-end##*
