“ *I had the honor of working with Donna in dedicated operations. Whether her role was an On-site Leader or an Implementation Leader she was completely committed to the job in front of her giving her all. I count our friendship as a treasure. Rest in peace my dear friend. Much love and prayers to Randy and Family.*

Donna and I were an excellent team with her gentle demeanor and knowledge of every aspect of traffic and moving freight with onsite Dollar General she taught us so much to remain on the top of the carriers list we had some good times. That made work such a pleasure. I will surely miss her.

“ *I worked with Donna for several years at Swift Transportation. I had graduated from college and was new to trucking operations. During the next few years, I learned so much about that business from her. I helped her start an auto-transport fleet in Greer and watched her grow it to a successful operation. While I left to go to another company, I never forgot that time and this valuable mentor that taught me the right way to run a transportation operation. That knowledge served me well throughout my entire supply chain career.*
