“ *When I lived in Greer from 1990-1994 Doris became my closest friend. Over the years we still remained close. Like they say we could pick up talking where we left off. I am very saddened to hear this. She is with Tommy and Chris now. She was tired. Now she is in Heaven where we are striving to go. I will miss you so much Doris. Love you.*

Thank you Mary. You are correct. If she ever had a true friend, it was you and Darrell. She spoke of you often. Bless you and your family.

“ *Doris was such a kind and loving lady who loved God, family and friends. Pray for her dear precious family. Peace and love as they travel through this difficult time. I know her homecoming to heaven was amazing to her and the loved ones there; I pray the same to the ones she left here.*
