“ Dear Janet,  
I was so sorry to hear about the loss of your mother. Doris was an icon for so many years in the operating room at SRMC. Her high standards of aseptic technique and her vast knowledge of surgical procedures raised the bar for patient care. Her legacy lives on everyday through those of us that were fortunate enough to have been taught these high standards by her and our patients continue to reap the rewards. I was honored to have her serve on our Surgical Technology Advisory Committee at Spartanburg Community College for so many years and to have our new surgical lab in our Health Sciences Building named for her. The Surgical Community has lost one of its great care givers. We loved her.##imported-begin##Emily Rogers##imported-end##

“ Dear Janet,  
Please know that our thoughts are with you in this difficult time. Your  
mother was a very special person and a good friend to my mother  
and father.

I will always remember her laugh and her humor. She always  
thought about others, sending her regards to my brothers, Richard  
and I whenever she heard we were in town.

May the memories you have of your mother and the trips you took  
together accompany you always.

I know your dad is waiting for her with open arms!
