“ *I remember Dorothy growing up as a little girl living with our Granny. Then she and Granny moved in with Aunt Avis. Dorothy was a hard worker and she was a very shy person. She would not talk to you unless you really got to know you. To me Dorothy always had a good heart. Now as I reflect back on her as an adult I see the hard life that she lived. She has stayed in contact with my Mama and a matter of fact about a week before she died Mama said I haven't talked to Dorothy lately. She called her number but there was no answer. I hate that our family didn't know about her passing till weeks later. We would have loved to have paid our respect to her and not have to do it online. RIP Dorothy...May the Lord give you comfort now. I will always remember you. Give everybody a hug especially my Daddy! 🥺💔💔💔🙏*

“ I remember Dorothy as a little girl more than since I've been an adult. I remember her being a hard worker and always trying to please Ma Ma and Granny. She always smiled. Rest In Peace Dorothy.
