“ *Mrs. Belk was my first grade teacher at Paris in 1969. I still remember her meeting us at the door each morning. I've thought of her often. She was always so beautiful, sweet and kind. She loved on all of us little Piedmont Park kids. For many of us it was our first experience at being in a school because we had been with our stay at home moms. Mrs. Belk will always hold a special place in my heart as my first teacher. I now have worked at Paris for 20 years. Our old building is gone but the sweet memories of old Paris will be with us forever. God Bless your family.*

“ I was not fortunate enough to have known Mrs. Belk personally but have seen first-hand what a fine young man her grandson, Christopher, turned out to be and what a wonderful husband he has been for my niece, Lauren. He is surely a reflection of the character and family values with which she raised her own children, and her legacy will live on through those she has left behind. My sincere condolences go to all of her family, I know she will be missed.

Walter and Family,

We remember Betty's warm smile and how much she loved her family. She spread her love to the children she taught as well. Indeed she will be remembered.
