“ *IN LOVING MEMORY OF ELLA Plumley. What is the purpose of life? God is the only one whom really knows. In a nutshell life is preparation for eternity. We were made to last forever and God desire to be with him in Heaven. One day my heart is going to stop, and that will be the end of my body—just like sister Ella Plumley did Thursday—but that's not the end of me (nor sister Ella, you see she's my sister in Christ. We've talked awhile back she told me she had made it right with God. By being born again in Christ. The Bible says to be absent from the body is to be present with the Lord. That's where sister Ella Plumley is now—no more pain, no more meds, no more doctors. Soon and very soon she'll have a new body, a perfect body. Prayers were answered she got better. God's way, by calling her home the answer to her wellness. Nothing to be sad about just glad Are you prepared to be with sister Ella? We may live to be 60 to 100 years on earth. This is the warm-up act—the dress rehearsal. God wants us to practice on earth what we will do forever in eternity. We were made by God and for God and until we all figure that out, life isn't going to make sense. Life is a series of problems. Either you are in one now You've just coming out of one or you're getting ready to go into another one. The reason for this is that God is more interested in your character than your comfort. God is more interested in making your life holy than He is in making your life happy. We can be reasonably happy here on earth but that not the goal of life. The goal is to grow in character, a Christlikeness. I use to think that life was hills and valleys. You go through a dark time. Then you go to the mountain top back and forth. I don't believe that anymore. Rather than life being hills and valleys, I believe that it's kind of like two rails on a railroad track, and at all times you have something good and something bad in your life No matter how bad things are in your life, there's always something good you can thank God for. You can focus on your problems. If we focus on our problems, we're going into self-centeredness, which is my problem, my issue, my pain. But one of the easiest ways to get rid of pain is to get your focus off yourself and onto God and others. My family and I discovered quickly that in spite of a lot of prayers. God was not going to make my overall health better or make it easy for me it has*

*been difficult for me and yet God has strengthened me.He's also give me a new character of help for others people even praying for them .Alli do ,i've done something.Happy moments=Praise God Diffcult moments==Seek GodQuiet moments=Worship God,Painful moments=Trust God. My pray is that these words of encouragement help you to put God frist place,Then you can cope betterwith the lose of your love one. May God Bless,Love LISA###imported-begin###Lisa McCarter###imported-end###*

*Nellie I was really said to read about Ella's passing. I will always remember how she was always kidding me when we all worked at Flber Industries. You and all of your family are in our prayers. I live in Dallas, Ga. now, its about 25 miles north of Atlanta.
