“ Kendra, Joe & Anna,
You are the strongest people I know. You honored Fern's desire to die at home and you tended lovingly to her every need over the years, even when the needs became very intensive. That is a true testament of your love and respect of Fern. We will always remember Fern as "the Mom in the middle" - of all our moms, the one who wanted to be with us young people, right in the middle of the action. She loved a good party and was sharp as a tack. We will miss her but honor the life so well lived and the grace with which she passed. Joe, Anna & Kendra, we surround you with love during this time and pray for your strength and peace in the coming days.##imported-begin##Penny Honea##imported-end##
