“ Phillip,
 It was a honor to know you the past six months that went by. It was interesting watching 30 pipewelders take that welding test in April, and only 6 of us made it. They (Northrup Grumman) were only taking the best of the best in the country.
 After we started working together side by side, we both came to know that we both had a lot in common. I thought that we would be friends for a life time , it just felt that way. I know that in the spiritual world after this one, we will meet up again. Even though your not here right now, there will always be a part of you with me always. I'm truly blessed to have met you.
 See you in the future man....
