AB

“ When I taught at BJH, Gail would come to my Life Science classroom every year to teach blood types to the 7th graders. I had four classes, so it took a full day of her time each year. She really made the topic come alive and she was a blessing to these students. Leanna, you have been a faithful daughter and caregiver. May God bless you for your efforts on behalf of your mother. Love to you.

“ Gail and I were roommates on the most exciting tour of Europe! We had so much fun together! When in Vienna we were able to see the Schatz Pharmacy. We also worked together at Barge for many years. God bless you LeeAnna
