“ *I worked with Gary approximately 12 years at Norfolk Southern. Through the many ups and downs Lord knows Gary had his share of having to keep me calm during the many high pressure times working there and I am grateful. So sorry for this sudden loss of his life at a early age and no doubt he was well loved by many in his family, friends, his job and service to the country. Also thanks to his service and dedication in the Navy to our country. Rest in peace Gary.*

*Condolences to the family of Gary. I will miss those telephone calls when things were not going good here in the Virginia government. Gary would consol me. When I would catch a fish which is rare he would call it send me a pic of fish he had caught.
Kept in touch after our retirements from the railroad.
Enjoyed working with Gary on a daily basis keeping the operation afloat although we both had our doubts at times.
RIP my friend*

Stacy and I send our love and condolence to the Todd family. I was truly blessed to call Gary my friend. He and I served on the same ship in 1984. Gary was very instrumental in my life as a shipmate, friend and mentor. He has and always will have a special place in my heart. Gary's wonderful grin and positive outlook would get his shipmates through the worst situations.
