“ *It is with great joy and pleasure that Perry and I remember George today and always. I (Susan) enjoyed every minute of my time with him at FULIR/OLLI committee meetings and classes at Furman, and we both enjoyed the Fluor link George shared with Perry (different time periods, same senses of humors regarding all the challenges ;-)*

George was always glowing, engaging, informed, caring and grounded. He took on work loads at Furman that needed to be taken on in a professional and caring manner everyone respected and appreciated. George's aid, gift of personhood and heart, mind and spirit were invaluable, and will guide us still. I was so fortunate to have had many conversations with him regarding his family, past, present and future: He never glowed more than when he spoke of family!

With much love and thankful remembrance,

Susan and Perry##imported-begin##Susan Thomas and Perry Matz##imported-end##
