“ *Shirley and Family,
I am so sorry to hear about the loss of your husband. I have had only news about you and your family from my sister, Elizabeth Bobo Meadors, and today she has posted about your husband's death. I know what you are going through because I lost my first husband, Johnny Dalton, almost 20 years ago. Please know that God can give the peace and comfort that you all will need at this time. I remember our friendship as little girls playing in your big yard and I remember your mama and daddy so well. Even though it has been years, I still remember your family with much love and happiness. May God Bless You!*
