“ *Judy, I am so sorry for your loss! Your mother was such a sweet lady and I was fortunate enough to get an opportunity to spend time with her even though it was for a short time. Just know that you are in my thoughts and prayers during this difficult time.##imported-begin##Robin Spackman##imported-end##*

“ Dear Barbara, Phyllis and Judy,
My weekly call to my folks have brought me the sad news of your mother's passing. My thoughts and prayers are with all of you during this time. I hope the weather conditions turn to your favor and the final arrangements can go smoothly.

Goldena has been a part of our lives because she and Bill have been so much a part of my parents lives. A visit to Greenville wasn't complete without a visit to the Grants. Even my son Paris ask from time to time "how the Grants doing?"

Your parents memories are rich with cherished times together with Bonnie and Ken. I know my parents have lost and are mourning a dear loving friend.

Her time to leave this world was now and we are glad that her suffering is over and your stress is lighten. I hope your father, deep in his own mind, might take comfort knowing his wife is doing fine.

Judy, mother says you are looking forward to returning to nursing. I hope things fall in place for soon. Your time is now.

love to you all.
