“ *John and Steve sorry to hear of your lost. My prayers and thoughts are with you and your families during this time. One thing about life we are all given a born date and a death date but in the middle is a dash and her dash was golden! Just one look at y'all and your families is a small example of how wonderful she was! The Lord called one of his Angels 🙏 home and with his promise we'll see her again. I hope with every sunset, rainbow , or shooting star you know she's in heaven watching down over each of you and it brings back a fond memory! We love y'all and if you need anything please call!* ”

I am so deeply sorry to hear of Harriet's passing. Harriet and I were best friends from babyhood until our early teen years. Our mothers pushed our baby strollers together in Loch Raven Village and we grew up in each other's homes. We knew each other's parents like our own. We did manage to connect briefly through Facebook and then a very loving phone call several years ago. I have never forgotten her and what her friendship meant to me and I never will. She was a loving and protective friend and meant a great deal to me. God bless her and those she leaves behind. Rest in peace, dearest Harriet.

“ Harriet and I met about 17 years ago. We shared many conversations, met with friends regularly, went places together, and shared our deepest pain and fear. I love Harriet. She was a genuine friend to me with whom I trusted. I will miss you and see you again.

“ *Harriett was very thoughtful, and very kind and loving. I first got to know her through the beautiful letters and notes that she wrote to my mother after my father died. Her sweet sentiments were a great comfort to my mother. It was with great anticipation that I finally met her on her birthday trip to Florida! She was sweet, kind, and adorable! She and John were a wonderful couple, and he remains blessed by never ending love. Blessings to John and family.*
