“ I met David a day before he passed away. David was working in his garage cleaning his work van. I walked up the road and introduced myself to him. We immediately had something in common. We both had worked for a service company and we loved electronics. We talked about family, motorcycles, and having fun. David wanted me to teach him to ride my motorcycle. I gladly accepted the challenge! We shook hands and looked forward to meeting again. I was saddened to hear of his passing the next morning. My prayers to all of the family.
